

Audience:

Designed for PhD, Master & engineering students, experienced engineers and researchers, in addition to entrepreneurs and innovators interested in data sciences.

Location:

Objective:

Focus on data sciences: Day 1) the future of artificial intelligence (according to renowned researchers and seasoned industrialists), Day 2) the prospects of machine learning including the challenges related to research, academics and business intelligence.

26 January 2023 Future of IA

Chair Jean-Yves Dauxois (Dean of studies, ECC)

9h00 -10h00: Eric Moulines, Prof, Ecole Polytechnique (X) and affiliate prof UM6P

10h05-11h05: Yann Lecun, Pr Courant Institute NY and VP and Chief AI Scientist, Meta (ex Facebook)

11h05-11h20: coffee break

11h25-12h25: Michal Valko (DeepMind Paris & Inria France)

12h30-13h10: IA & business, Redha Moulla, CEO of AxIA

Chair Eric Moreau (SeaTech/Toulon/AMU)

14h30-15h30 : Sami Najim (founder Sensedata - startup)

15h40-16h20 : Dedicated to engineering students, PhD students posters, startups and/or companies

16h30-17h30 : a round table « **Industrie 4.0** » with Antonio Espuna (UPC), Saber Darmoul (ECC), Walid Daou (OCP) **and Adrien Devaux (Jumia, to be confirmed)** organized and moderated by Pr Eric Moulines.

27 January 2023 Machine Learning (ML) & Perspectives

Chair Eric Moulines (Pr, Ecole Polytechnique-EMINES)

9h00 -10h: Yann Lecun, Pr Courant Institute NY and VP and Chief AI Scientist, Meta (ex Facebook)

10h05-11h05: Michal Valko (DeepMind Paris & Inria France)

11h05-11h20: coffee break

11h25 -12h25: Michael Wu, Chief AI Strategist at PROS, « How to Start Differentiating Your Customer Experience through Artificial Intelligence »

12h30-13h10 : ML & business, "How AI will disrupt the content economy" Alon Rozen Ecole des Ponts Business School and Abdelkader Slifi, PSL- Paris Dauphine Univ. "Industrial economics: how AI and open innovation are changing the game "

Chair Adnane Boukamel (deputy director ECC)

14h30-15h30 : Antonio Espuna: AI for process engineering, Industry 4.0

15h40-16h20 : Dedicated to engineering students, PhD students posters, startups and/or companies

16h30-17h30 : a round table « **startups** » with Sami Najim, Tom Hayat (Boxy) and Michaël Karpe (NextGen Tech) organized and moderated by Pr Eric Moulines.

TechInnov Days in Data Sciences

26-27 January 2023
Emines-UM6P

Data Science and Industrial Process
Chair - OCP S.A. - Ecole Polytechnique

- Mohammed VI Polytechnique
University

Centrale Casablanca

Teaching and Research Unit

« Applied Mathematics
Computer and D@ta Sciences »
UTER MID@S
