D@ta Science Days

Audience:

Designed for PhD, Master & engineering students, experienced engineers and researchers, in addition to entrepreneurs and innovators interested in data sciences.

Location:

Objective:

Focus on data sciences: Day 1) the future of artificial intelligence (according to renowned researchers and seasoned industrialists), Day 2) the prospects of machine learning including the challenges related to research, academics and business intelligence.

Schedule

26 January 2023 Future of IA

9h00 -10h00: Eric Moulines, Prof, Ecole Polytechnique (X) and affiliate prof UM6P
10h05-11h05: Yann Lecun, Pr Courant Institute NY and VP and Chief AI Scientist, Meta (ex Facebook)
11h05-11h20: coffee break
11h25-12h25: Michal Valko (DeepMind Paris & Inria France)
12h30-13h10: IA & business, Redha Moulla, CEO of AxIA

14h30-15h30 : Sami Najim (founder Sensedata - startup)
15h40-16h20 : Dedicated to engineering students, PhD students posters, startups and/or companies
16h30-17h30 : a round table « **Industrie 4.0** » with Antonio Espuna (UPC), Saber Darmoul (ECC) and **others (?)** organized and moderated by Pr Eric Moulines.

27 January 2023 Machine Learning (ML) & Perspectives

9h00 -10h: Yann Lecun, Pr Courant Institute NY and VP and Chief AI Scientist, Meta (ex Facebook)
10h05-11h05: Michal Valko (DeepMind Paris & Inria France)
11h05-11h20: coffee break
11h25 -12h25: Michael Wu, Chief AI Strategist at PROS
12h30-13h10 : ML & business, "How AI will disrupt the content economy" Alon Rozen Ponts Business School and/or Abdelkader Slifi, PSL- Paris Dauphine Univ. "Industrial economics: how AI and open innovation are changing the game " (**to be confirmed**)

14h30-15h30 : Antonio Espuna: AI for process engineering, Industry 4.0
15h40-16h20 : Dedicated to engineering students, PhD students posters, startups and/or companies
16h30-17h30 : a round table « **startups** » with Sami Najim and **others (?)** organized and moderated by Pr Eric Moulines.

TechInnov Days in Data Sciences

26-27 January 2023 Emines-UM6P

Data Science and Industrial Process Chair - OCP S.A. - Ecole Polytechnique

- Mohammed VI Polytechnique University

Centrale Casablanca

Teaching and Research Unit « Applied Mathematics Computer and D@ta Sciences » UTER MID@S
